

TUITION FEES ~ 2023

OCCUPATIONAL PROGRAMMES

THE FOLLOWING INFORMATION IS EXTRACTED FROM THE COLLEGE FEE POLICY

For full details please refer to the College Website (www.northlink.co.za)

ADMINISTRATION FEES (Foreign students - including SADC)

Foreign and SADC students will be levied a non-refundable administration fee of R800 for each academic block.

MINIMUM PAYMENT OF REGISTRATION

To comply with the College registration requirements and be enrolled in a programme, the student will be required to pay a determined minimum amount as indicated in the fee structure.

METHODS OF PAYMENT

If a payment plan option is requested, such a request must be accompanied by a completed Financial Agreement for the applicable academic year.

The balance of funds need to be paid over 3 to 10 months pending the duration of the course. These payments will require debit orders arrangement.

For full details refer to the Tuition Fees Policy. SADC and Refugees will have the same benefit arrangements as South African students. A discount of 5% on all Occupational Programmes will be applied if fees at registration is paid in full by self funded students.

At registration, all NSFAS Students will be required to sign an Acknowledgment of Registration Conditions document. Unfortunately, financial aid/ bursaries are not available to international students.

PAYMENT OF FEES BY COMPANIES

All requests, by commercial entities to enrol students at their cost, for any programme/ period of study written or otherwise, is to be accompanied by the full payment of fees upon registration. All refunds will only be paid back to the Company.

FOREIGN STUDENTS

Foreign students are classified as non-South African citizens other than refugees. All foreign students and refugees shall pay the full fees before receiving an acceptance letter which is required to enrol at Northlink College. All refunds will only be paid back to the country of origin. Levies, where applicable, are included in the course fees and are not refundable upon cancellation.

CANCELLATION / TERMINATION OF A COURSE

A student who terminates his/her course or subject must inform the Programme Manager. Absconding from class does not constitute a formal cancellation. Therefore, a student will remain liable for the full payment of fees. When terminating a course after registration, the student will be held liable for all outstanding fees and stipends. If the student is funded by a Employer, the College must be notified in writing that the Employer is undertaking to pay registration and course fees for the year of study within a specified time period.

A student is liable for the full payment of residence fees for the duration of their stay. No refund will be granted to students who vacate the residence at any time.

Students may be prohibited from writing examinations and results may be withheld if the course fees are not paid in full. Students will not be allowed to register for the following trimester, semester or year if their fees are not paid in full. The student or parent(s) or guardian(s) is personally liable for the outstanding fees. Defaulting on payment arrangements will result in legal action to recover all fees. For further guidance see College Policies on fees.
