

COURSE FEES

2019

Northlink College
Linked through Excellence

The following information is extracted from the College Fee Policy.
For full details please refer to the College Website (www.northlink.co.za).

STUDENT REGISTRATION FEES

A student registration fee is payable with each application and is **not refundable**. Foreign students will be levied an additional non-refundable administration fee of R600.

MINIMUM PAYMENT ON REGISTRATION

In order to comply with the College registration requirements and be enrolled into a programme the student will be required to pay a determined minimum amount as indicated with the outlined fees.

METHODS OF PAYMENT

Should a non-full payment option be requested such a request must be accompanied by a completed Financial Agreement for the applicable academic year. Should the debit order option be selected the balance of funds need to be paid over 3 to 10 months pending the duration of the course.

All payments will require completion of debit orders. For full details refer to policy: Debtor Payment of Fees Policy. SADC and Refugees will have the same benefit arrangements as South African students. A discount of 5% will be applied to programme fees if paid in full by self funded students at registration.

All NSFAS Students will be required to sign an Acknowledgment of Registration Conditions document at registration.
Unfortunately, financial aid/ bursaries is not available to international students.

PAYMENT OF FEES BY COMPANIES

All requests, written or otherwise by commercial entities to enroll students at their cost, for any programme / period of study, is to be accompanied by payment in full or payment must be received in full prior to registration of the student. All refunds will only be made back to the Company.

FOREIGN STUDENTS

Foreign students are classified as non-South African citizens other than refugees and SADC Students. All foreign students shall pay all their full fees upfront before the student receives an acceptance letter required to enroll at Northlink College. All refunds will only be paid back to the country of origin. Levies, where applicable, are included in the course fees and are not refundable upon cancellation.

CANCELLATION/ TERMINATION OF A COURSE

A student who terminates his/her course or subject must inform the Programme Manager. Absconding from class does not constitute a formal cancellation. Therefore, a student will remain liable for the full fees. Terminating a course after registration, the Student will be held liable for all outstanding fees and/ stipends. If the Student is funded by an Employer, the College must be notified in writing that the Employer is undertaking to pay registration and fees for the year of study within a specified time period.

A Student is liable for the full payment of residence fees for the duration of their stay. No refund will be granted to students who vacate the residence at any time. Students may be prevented from writing examinations and results may be withheld if the course fees are not paid in full. Students will not be allowed to register for the following trimester, semester or year if their fees are not paid in full. The Student or Parent(s) or Guardian(s) is personally liable for the outstanding fees. Defaulting on payment arrangements will result in legal action to recover all fees.

For further guidance see College Policies on fees.
